New Zealand

Dear Jean-Michel,

Holden Fast & Furious Program

Just a note to thank you very much for the activities you created and provided for Holden Australia as a part of our New Zealand "Fast & Furious" incentive programme in November 2003 in Auckland.

These events were created with flair and carried off with professionalism. Our Sales Managers all gave you a 100% rating, which speaks for itself. They are still talking about the Harvard Dive Bombing Flight and the rally driving at Maramarua Forest.

I would have no hesitation in using Ahipara Ltd again myself or recommending your services to anyone looking for something special, different and professional.

Yours sincerely

ROD ALFORD
